

BUDGET PLAN

Dooley's Natural Gas would like to inform its customers about the budget plan for the next heating season. This plan is designed to help customers budget for the upcoming heating season and make winter payments less of a financial burden.

How the plan works: On April 30th of each year you must have a zero balance or a credit on your account in order to enroll in the upcoming year's budget plan. Dooley's Natural Gas will reconfigure the amount to be paid on April 30th each year and send a letter to you notifying you of the new payment amount and requesting a signature.

How payments are made: Payments will only be made electronically through the customer's bank account. If two payments are declined by your financial institution due to insufficient funds you will automatically be removed from the budget plan. The amount below will be drafted on the 25th of each month.

What to do if you are interested: If you are interested in enrolling please call the office to request a budget plan agreement form. After you have received this form just fill it out and return to our office. Your first budget plan payment will be taken out of your bank account on May 25th. **Budget plan forms are due back in the office by April 30th. If you are interested in the budget plan please contact our office at your earliest convenience so we can come up with an accurate budget and get back to you as soon as possible.**

If you have any questions or concerns about the budget plan, please feel free to give our office a call at 320-235-2466.

****This plan is not currently available to renters.**
